Which Language is Better?

This is incomplete question!!

It Depends on your need

You can use many programming languages at the same time.

Driving Is Important  
not the car itself!

Programming Is  
Important  
not the Language!

# Programming is...

A process of creating a set of instructions that tell a computer how to perform a task.

It all depends on:

Logic

Analysis

Thinking

Ability to find  
solutions

Regardless of any programming  
language!
